

**8.2.3 Series circuit - Suitable for solenoid valves
DIN24350 FORM A CETOP R35H - ISO4401**

A-B ports	3/8" BSP
Port M (plugged)	1/4" BSP

**8.2.4 Series circuit - Circuit with more than three solenoid valves
DIN24350 FORM A CETOP R35H - ISO4401**

To obtain a hydraulic circuit with more than 3 solenoid valves (DIN24350 FORM A CETOP R35H - ISO4401) connected together, simply add one or more 2043 type manifolds as required. The hydraulic diagram shows an arrangement with 4 solenoid valves
